No One Here Gets Out Alive

Synopsis

Here is Jim Morrison in all his complexity-singer, philosopher, poet, delinquent-the brilliant, charismatic, and obsessed seeker who rejected authority in any form, the explorer who probed "the bounds of reality to see what would happen..." Seven years in the writing, this definitive biography is the work of two men whose empathy and experience with Jim Morrison uniquely prepared them to recount this modern tragedy: Jerry Hopkins, whose famous Presley biography, *Elvis*, was inspired by Morrison's suggestion, and Danny Sugerman, confidant of and aide to the Doors. With an afterword by Michael McClure.

Customer Reviews

Another one for my daughter, she loved it

This needs to be available in an e-book edition for the Kindle if Hopkins and the remaining Doors can get past the bullsh__ of their personalities and egos. Thorough account of The Doors.

This is an amazing book about Morrison's life and how he became who he was. If you're interested in anything Doors related this book is a MUST to read. Most people interested in the band, got interested in them because of Morrison. This book does not disappoint and reveals things about Morrison we would have never known otherwise. It details his life from his very beginnings to the day Mr. Mojo Risin unfortunately left this world. I would recommend this book for someone not even

a fan of the Doors. It's THAT Good! Break on through.....To the other side.

I liked the first third of the book and the last fifth of the book but the bulk of the book is about Morrison's problems caused by excessive drinking.

Graat book, wish there was a Kindle version.

Loved this book..read it YEARS ago and just ordered it for my 16 year old son who loves classic rock music.

To date, this may be the best Biography I have ever read. The story of The Doors and Jim Morrison is one of the most interesting in classic rock history. Heavily recommended to anyone with interest.

Great read!!!
