# The Millennial's Guide To Business Travel: Lessons For The Next Generation Of Road Warriors

## Synopsis

This book is designed for the next generation of road warrior: The Millennial. Business travel is different from personal travel. Your time is not your own. Your company wants you to travel quickly and always be productive, even though you fight rush hour traffic to the airport, stand in long security lines, eat crazy late dinners and are forced to figure out a plan B when your booked hotel is sold out. With the right planning and understanding of on the road encounters, a business trip can be as easy and fun as it is successful. Enjoy dozens of real life travel stories told from the perspective of fellow road warriors, plus a woman's perspective on travel challenges. Take a few lessons from seasoned travelers and don't make the typical rookie mistakes made by your peers. Michael Puldy, a seasoned business traveler, leverages his three decades of business travel, covering close to 3 million air miles, to provide an informative view on the mechanics of traveling for work. Learn how to zip through airport security and rest up at airport lounges; be aware of what to expect when traveling internationally; understand tricks to complete the dreaded expense report; learn the concept of situational awareness; and, many more travel concepts and tips. Read the entire book in less than half the time than it takes to fly from New York to Los Angeles.

Michael Puldy (michael@nextgentraveler.com) is a technology executive, photographer, writer and world traveler. Between travels for business and pleasure, he has visited over forty countries and the continents of Africa, Asia, Australia, Europe, North America and South America. A Florida native and resident for almost thirty-five years, Michael left Florida only two times before attending college at Clemson University in Clemson, South Carolina. During his freshman year, Michael experienced

the joy of road trips driving throughout the South, the Northeast and the Midwest. He also lived his first college summer near the District of Columbia. The next year, the summer between Michael's sophomore and junior years, he backpacked in the Middle East and North Africa followed by traveling solo in Western Europe and the United Kingdom. These early life adventures fostered his love of travel, meeting people and experiencing different cultures, religions, and customs. Michael has visited all fifty United States, and has lived in Arizona, Colorado, Florida, Maryland, Massachusetts, South Carolina and Singapore. He now resides in Los Angeles, California with his wife Adrienne, and Boomer, their Yorkshire terrier. A member of the Circumnavigators Club, his travel highlights include: trekking to Mount Everest Base Camp in Nepal, sailing to observe the Komodo Dragons in Indonesia, living on a dive boat exploring the Great Barrier Reef in Australia, backpacking in Denali and Lake Clark National Parks in Alaska, white water rafting down the Colorado River and hiking the Grand Canyon, watching the sunrise in Yosemite near Half Dome, touring the Valley of the Kings and the Step Pyramid in Egypt, becoming engaged at the base of Mount Fitz Roy near El Chalten, Argentina, and meeting the most amazing and incredible people all across the globe. Professionally, Michael has spent his entire career in the technology industry where he has worked in the aerospace, financial, retail and technology sectors. He is also a published author of professional and peer reviewed papers. In addition, he has held three global jobs based in the U.S., and lived two years as an expatriate in Singapore. As a millennial new to business travel, it's hard to find a book suited for my exact needs. Every piece of business travel literature out there is tailored for the experienced and financially fortunate traveler. However, this book hits the nail on the head and is exactly what I need to help navigate the complex world of business travel I now see myself in. The first hand stories and easy to read chapters make this a useful quick read that has given me some serious gains in terms of my travel IQ. Highly recommend this book to anyone who travels for business no matter how experienced.

Great read! As someone with a lot of travel time under their belt, it's nice to see a book that has all the tips and tricks of the trade. Anyone who is interested in an on-the-move profession should definitely invest in this book! Even if you're not, read it anyway! It was well written and informative and I believe it can help anyone travel the skies more efficiently and effectively. Would definitely

recommend to friends and family.

As a longtime traveler, I was excited to read the valuable sources of information in The Millennial's Guide. The dozens of stories and personal input are truly fun to read and invaluable. Traveling today is harder than ever. If you have college age and older children, send them this tool. Empower yourself and others to be wiser road warriors.

Perfect book for anyone planning on traveling. I would absolutely recommend this book to friends and family. There are some very interesting and insightful personal traveling stories that I really enjoyed reading. This is the first I've heard of this author, but I was pleasantly impressed with his work. I feel encouraged to start traveling again, this time I'll use some of his tips ;)

It's clear that Michael Puldy has an extensive amount of travel experience to draw upon, and it shows through this book. This book is a welcomed treatise on how to successfully avoid the stresses and tribulations of business travel. However, it's not instructive for only business travelers, as it contains valuable information for all types of travel. Read this book if you want to eliminate the uneasiness that traveling confers.

As a young female who has traveled extensively throughout the Middle East and Asia, I found this book to be unbelievably enlightening. The 'Women's Perspective' was a great surprise -- both helpful and essential. This book is a quick and easy must read! I felt as if the author was a close friend having an honest personal conversation with me before boarding a flight. Business travel can be fun!

Truly a great read. As a young businessman who is new to the game, it is great to have someone who really knows what they are talking about. I recommend this to anyone new to business travel or anyone who is looking for some new great knowledge.

You don't have to be a Millennial to get value from this quick read. I've been business traveling for the better part of two decades and got a ton from this book. Specifically:-How to think about luggage choices-Must have checklists for long-distance travel-Plan for the worst, expect the best in foreign countries-Use Points-Best checklist of things to consider when booking a hotel
