Best Sellers Rank: #342 in Books > Audible Audiobooks > Nonfiction > Study Aids #2165 in Books > Education & Teaching > Studying & Workbooks > Study Guides #9137 in Books > Education & Teaching > Test Preparation

Customer Reviews

The book itself is an absolutely brilliant work that I recommend for use in my South East Asian senior high school/lower university level reading classes. Not only is the content applicable and interesting for the school and early love relationship experiences, the actual book provides many launch points for discussion of cross cultural understanding. Teachers can even use the discussion points provided at the end of the book to: a) stimulate discussion without putting out effort to develop their own discussion points and b) check to see whether they (the teachers) got it. In case b) did not work out well for the teacher, this guide expands the help provided in the base book and can help non-native teachers of English discover the basis for some of the cultural references.
