The Field Guide To Knots: How To Identify, Tie, And Untie Over 80 Essential Knots For Outdoor Pursuits

Synopsis

A Fasten-ating Guide to Knots for Every Adventure! The perfect knot can make any job quicker, easier, and safer—whether you need to build a shelter, tether a horse, rappel down a cliff, or moor a boat. In *The Field Guide to Knots*, veteran outdoorsman Bob Holtzman helps you: Select and tie the right knot for any task; Identify and untie existing knots; Choose and maintain your rope, and more! With more than 80 time-tested knots and more than 600 color photos, this Field Guide is indispensable for backpackers, climbers, sailors, anglers, hunters, equestrians—and anyone else who's ever needed to change a sail, reposition a climbing rope, or splice a tent pole!

Customer Reviews

“A handy guide describing practical knots for outdoor enthusiasts.” —Library Journal
“The text and illustrations are clear and precise.” —Manhattan Book Review

Bob Holtzman has been writing about outdoor sports for more than 25 years. A former editor of boating and outdoors books for International Marine and Ragged Mountain Press, he is the author of *The Camping Bible*, *Wilderness Survival Skills*, and a series of boating books for children. He is president of Mythic Gear, a company that manufactures drysuits for boating and paddlesports. Holtzman lives in Maine, where he enjoys canoeing, camping, hiking, and writing the blog *Indigenous Boats*.

This was a gift for my 7-year-old grandson, so I will share the report he sent me in a thank-you note that I received today: "Thank you for the Field Guide to Knots book. I've done the Overhand Knot, the Double Overhand Knot, the Half Knot, and a Figure 8 Knot. And just now a Stopper Knot." Clearly he loves the challenge, and he is likely to continue to enjoy learning the knots.

Purchased for my grandson. Hopefully he learns some of these. I think everyone should know a few kind of knots for just in case. I also bought several different colors of rope to assist him in learning these little gems.

I got this for my nephew as he loves all things outdoors, fishing, hunting etc. He got it Christmas Eve and for the rest of his visit he tied just about every knot in the book using some paracord that I got him. He really really loved the book and the whole family got interested in what he was doing.

Great book. Plan to keep this handy while hiking/camping.

Great book of many useful knots, presented in a very descriptive manner and backed up with photos and drawings. I highly recommend this book for everyone interested in really finding very useful knots!

Great book, you will learn every knot you need to know and then some.

Didn't know a person could tie stuff so many different ways.

Very good book, excellent pics to help you along
