Dragon Burn: A Dark Kings Novella

Synopsis

In this scorching Dark Kings novella, New York Times bestselling author Donna Grant brings together a determined Dragon King used to getting what he wants and an Ice Queen who thaws for no one. Marked by passion A promise made eons ago sends Sebastian to Italy on the hunt to find an enemy. His quarry proves difficult to locate, but there is someone who can point him in the right direction – a woman as frigid as the north. Using every seductive skill he's acquired over his immortal life, his seduction begins. Until he discovers that the passion he stirs within her makes him burn for more. Gianna Santini has one love in her life – work. A disastrous failed marriage was evidence enough to realize she was better off on her own. That is until a handsome Scot strolled into her life and literally swept her off her feet. She is unprepared for the blazing passion between them or the truth he exposes. But as her world begins to unravel, she realizes the only one she can depend on is the very one destroying everything - a Dragon King.

Customer Reviews

I have read nearly every book written by this author and I thoroughly enjoy them all -- but her Dark Kings series is my favorite and I read every one of them more than once. Yes, these are hunky guys

and the sex is pretty good and there's actually a great continuing story line with characters who are so well defined I am always engaged -- even when months pass before another book comes out. If you are new to this series I strongly suggest you start at the beginning to thoroughly enjoy the series. Yes, Con's story is going to be revealed and there's always the question of Rhi and will she or won't she finally tell us. Sebastian's story was of necessity short and in typical dragon form. All the elements are here, it's a quick read, but he was quite interesting and I would have liked to have a longer story. Perhaps he and his Gianna will show up in another book and we can read more of their story.

The more the story unfolds the more exciting \ frustrating it gets. You want the answers but at the same time you don't want it to end. When I got to the end I'd the story my only thought was.....REALLY?? I mean REALLY?? I so can't wait for the next one.

Sebastian goes to Venice to find out the truth about Mikkell and Ulrik...he meets Gianna...they will have their HEA...but will they remember what they learned...This is another great dragon story by Donna Grant...I can't wait for the next one.

Short but sweet. No spoilers, but I kind of figured out the big reveal a long time ago, so I hope you all enjoy it as much as I did having it confirmed! Well done Donna, you keep us hanging on by a thread!

Wow!! So much sizzle and fire in this book. You finally get some answers and unfortunately more frustration. You don't want to miss this book in the series!

Donna weaves a masterful tale with her Dragon Kings, and the plot continues to thicken. More Kings, more loves, more to look forward to!

This is not one of the better stories in this series. And I love this series. A lot of questions are answered in this story though.

As always a great story from Ms. Grant. Set in Venice with lovely villas as a backdrop for love and intrigue.
