Customer Reviews

This riddles are hilarious and my kids (6 and 4) liked them. HOWEVER. The pages are so thin that you can see the picture of the answer through the pages. The kids like it and I think they like that they can answer the riddle by seeing the answer, but it totally changes the point of the book.

Nothing new here. Even my grandkids weren't impressed.

Cute rhymes to make young ones think and giggle.

I recently bought this book for my ten-year old granddaughter who lives several states away from us. At ten years of age, I was afraid the book would be too "kiddie" for her. Unlike a book store where you can go thru a book, buying online does not allow you to get a good feel for the contents. As it turned out, we spent quite a bit of time on the phone with her "riddling" me and I have to say this: while there were some pretty easy ones, there were quite a few that were hard for me too, lol! She really liked her book and it gave her lots of material to entertain herself/her friends with.

This is a very funny book for the kids. They love the jokes.

Excellent

It reached all family members level of interest. We laughed hard and learned to slow down and use our critical thinking. ÅfÂ Ä Å, Ä ËœÄ Å•ÄfÂ Ä Å, Ä ËœÄ â
