## **Customer Reviews**

I really never saw myself reading books for ages "9 and up," but a friend recommended the series and I became hooked. The first book had me hesitant, I'm not usually a big fan of child narrators, but Collins proved me wrong. The other problem I usually have with younger age books is that they are too simplistic. Once again, Collins proves me wrong. The writing is simplistic enough to be believable for a 12yr old's point of view, but the plot itself is unpredictable and full of really good twists and keeps you thinking. The action pieces are also something I did not expect, as I thought they would be downplayed for a younger age. Instead, they are well written and demonstrate the brutalities of battle (even if the ones fighting are not human) and although not the most gruesome scenes I've read (I read horror genre too). I was surprised that the level of brutality was recommended for ages as young as nine, but as an older reader I found it refreshing to not have fights and battles sugar coated. The characters are engaging and the whole Underland world is complete and intriguing with the many 'peoples' that live there and the differences all the groups have. I cannot recommend how a reader of say age nine would like this series, but I can say that as a 22yr old, if you don't mind reading something a 'the lower level,' I defiantly recommend it for many

ages over 9.

My son likes this whole series. My take - Suzanne Collins - fragment queen. I'm just the messenger here as a parent, haven't read much of them, but I can tell there is an essence of these stories being 3/4 or 7/8 baked, like time was running out, and an ending had to be plowed under quickly.

Great set of books. Hard to put down.

Great series. Simple as that.

Great for pre teens emerging from latency and seeking guidance on how to negotiate life challenges. Loss, grief, emotional upheaval, relationships, and the heroes journey. Moral dilemmas, loyaltues, and the value of one's word. Absolutely full of excitement and subtle guidance through example. My 10 yr old loved it.

Loved it.

This is a amazing book I just love the series it is so sad though to hear the deaths of some of your favorite characters it is so amazing, wouldn't it be cool to ride a bat or a cockroach or even a rat or lizard or spider

I love all these books! I love this author!!
