## **Customer Reviews**

Mostly an advertisement for Dr. Alvarez and I am sure he is wonderful, but not much useful information about sleeves. I guess if you were nervous about surgery in Mexico this would make you feel better.

This is an easy read and very inspiring! I'd suggest that anyone considering the sleeve read this book. It was wonderful hearing the stories and seeing the before and after pics!

This is more of a review on a specific surgeon rather than short success stories of bariatric patients.

Really enjoyed the stories

Honest read here.

interesting book

very fine

Bought it for a friend. I knew I was already happy with Dr. Alvarez' work and his whole program and staff, but wanted more unsolicited stories for her.
