## Customer Reviews

These stories are really good. Each one has a different twist and kept me reading. Romance, a few surprises and hunky cowboys-what more could you ask for. Great summer read. Enjoyed all the stories.

I started this series last year, then life got in the way and I didn't keep up. I was very happy to see all of the books put together in a set, and on sale, too. Getting back into this series was like settling down in a comfy chair with old friends. I don;t read a ton of romance, but when I do, I'm often disappointed in the characters and their development, but I love the way this author creates

characters that are flawed but very likable, and even though there's a new couple in each book, the couples and other characters from previous books reappear, which is really nice. Lots of teary moments here, getting happily sappy, but lots of laughs, too. Love the author's sense of humor. This is a great series to read on a rainy weekend. As a side note, I had no trouble downloading all six books, so I'm not sure why the other reviewer could only read two, but that probably should have been addressed with or Kindle, rather than giving the author a bad review. No offense meant, but that didn't seem fair. I hope she got it fixed and got to read the whole series, because it was a lot of fun.

I purchased these for a Beach read and they did not disappoint! I intended to read one or two and ended up reading them all during a girls only beach trip. I immediately fell in love with the characters and couldn't get enough of this wildly entertaining Cowboy Series! Truly enjoyable reads!

I love these books! I had already read a few of them but they were worth a second read. They are light hearted and witty!

Loved all six story, each was written. Will enjoy more from this series. Keep up the good work.  
Thank you
