## Synopsis

Cameron Bates (Cam) could have almost any girl at Franklin High School—except for the one he wants. Unfortunately Bebe seems to be immune to his flirty charm and good looks, which means one of two things: a) she's completely oblivious to how he feels, or b) she's just not into him. If that's the case, declaring his love would be disastrous for their friendship. Bianca Barnes (Bebe) has a huge problem: the universe hates her. Every time she admits feelings for a boy, he ends up falling for her sweet, popular, and beautiful sister Beth. To avoid a broken heart, Bebe has sworn herself to secrecy. Nobody can know how she feels about Cam—Ever! Neither person wants to confess their feelings, but the universe has its own plan. Out of the blue, Bebe is courted by a secret admirer. Cam has to step up his game and Bebe has to make a choice. Play it safe and accept the affections of her mystery man or challenge fate and take a chance on the boy she loves.

**Content Description:** This is a stand-alone YA contemporary romance with companion novels to follow. It contains minor language, innuendo, crude humor and steamy tension but is generally very clean. No sex. Recommended for ages 14 and up.

## Customer Reviews

This is a really fun read and a great debut from Robin Daniels. I really like the dual point of view so you can understand what the two main characters are thinking at different points in the story, and it helps give the story some good tension. I love that our heroine has some sass! The first couple of chapters are a little staccato but it smooths out quickly and keeps a fast pace with plenty of humor and hijinks. Story is a stand alone read and clean romance. Looking forward to the next release by this promising author!

I absolutely loved this author's writing. So good! It felt real and had me cracking up through out the entire book. Cam's antics were killing me... in a good way! I would love to have the friendship Beth and Bea have... and that Cam has with both of them. Brady is pretty awesome too! I look forward to many more books by this author! You've made a fan out of me!(Wife's post under husband's account)

I usually read dark reads but when I need a break I love to read YA books. This is the first book I have read by this author. It was a great cute read. Cannot wait for the next one in this series to be released.

I loved this book! It was a cute look into the minds of two teens who have feelings for each other, but won't admit it. Some parts of this book make you think it could be a true story...while others make the characters just a bit more exaggerated in their actions. The suspense of wanting them to get together is delightfully frustrating. I cheered when it finally happened! I think this story is very relatable and told in a way that leaves the reader begging for more...I know I was!

Cute beach read. It is sweet and adorable but not very deep. The perfect book for when you just want to relax and escape.

My 13yo absolutely loved it

I couldn't put it down. Great story. Wonderful characters. Cameron and Bianca are so perfect for each other, and I Leicester story.

This book was so cute! Although there was some swearing it was an amazing read! The characters

made you fall in love! After reading I told my sister to read it and she instantly loved it too! Read this book!
