Customer Reviews

I really like the quality of these books. I got into reading the Walking Dead at the start of the All Out War arc. And have been buying the floppies since then. But I had ordered all the hardcovers first so I could start from the beginning. So even though I buy the original comics now I will still continue to buy these hardcovers as they come out. They are well made. And for me it is easier to follow the storyline in these 12 issue clumps as opposed to waiting for each issue to come out. But I can't see myself waiting for these harcovers to come out so I will continue to buy the single issues. I figure I will buy the singles from my local comic shop to support them. But when it comes to the hardcovers I will buy them off . They are a average \$10 cheaper buying them here. All in all a great comic and a qualilty built hardcover volume.

If you are considering purchasing this book, I assume you are already familiar with the Walking Dead. This hardcover collection is my favorite way to read and collect the series. It saves so much room versus buying single issues or the trade paperbacks. The beautiful hardcover protects the stores and ensures they will last for a while. Each volume contains 12 comics as well as some rare

The Walking Dead - it's just something! In contrast to the comic series is much more interesting and more hooked! After reading the first volume you want to just read all the other volumes without interrupting :)). Personally, I liked the comic book and I look I will wait for the next release! I advise everyone to reading!Best Regard!

I just received book #11, today for Mother's Day! My son, and boyfriend, know me so well! If you love "The Walking Dead" like I do, and haven't already, I suggest reading the comics. The comics, and show, are equally amazing in their own way, but it's cool to see the little difference here, and there!

You can't go wrong with the Walking Dead. Some of the stories are set ups for big pay offs, and some of the stories are the pay off in action. These books were written as an ongoing story of survival horror, and you will run into peaks and valleys in intensity, but I don't consider one moment of these to have been boring. The character building has been fantastic. Characters evolve, change, stay static, and surprise all through out. These are some of the most human characters written in comics, and probably most media. This is today's literature.

Anyone reading knows about Negan, but he doesn't stop there! The story gets better, and new dangers await in this book. I am hooked on the comics, the show, and the novels!! I can't get enough!! I don't want to spoil it, but if you are a TWD fan, you will love this new book, and look forward to next!

love these!
