Synopsis

FIDIC Contracts: Law and Practice is sure to become the leading industry standard guide to using the FIDIC forms, and is the only book to date which deals with the whole suites of contracts, including the new gold book for Design, Build and Operate projects. The White & Case work is outstanding in its detailed consideration and treatment of the legal aspects of the interpretation and application of the Conditions, touching on many points that most people would not have encountered. Humphrey LLoyd, International Construction Law Review [2010] ICLR 386

Customer Reviews

Ellis Baker is a partner at White & Case, and he is the Head of the Construction and Engineering Practice in the London office, has substantial experience of international construction and engineering work across a wide range of clients and jurisdictions. Ben Mellors is a Senior Associate, Construction & Engineering at Berwin Leighton Paisner LLP. He specialises in the management and resolution of domestic and international construction and engineering claims and disputes. Scott Chalmers is an English qualified counsel in the Global Transactions Practice Group in the Houston office of King & Spalding, where he specialises in transactional construction work, with an emphasis on large and complex international infrastructure and construction projects

this book is so much detailed you will find any particular or interpretation that you may require.References and citations from the Fidic guide and comments assist in understanding the

meaning and the purpose of any sentence.The book encompasses the three major contracts of the rainbow suite 1999.The price is at the height of the content.
