Age Range: 9 and up

Grade Level: 4 and up

Customer Reviews

I ordered this item and the instructional CD that came with it doesn't work. You can hear the cd spin and then it goes back to 00 and it doesn't play. My 7year old is very disappointed and so am I.

Very well done. Easy to follow. Great for a child.

I was a little upset, this dvd and book was more directed toward teens. When I think kids I think ages 6-10 The DVD just shows a guy playing the drums, doesn't really have much to show on technique. would not recommend.

Kids drumset course book is easy to follow. My son likes the fun songs. The added dvd has helped

tremendously, as it shows how to play each song properly.

Good

Very useful.

Book is not for kids AT All! Way too much info on every page. DVD stars a 70s throw back who talks to adults. No kids in video to teach kids. There are no kids songs in the book for kids to play.

Absolutely the worst music purchase I have ever made.

good reference
