Juan Kattan-Ibarra holds degrees in foreign-language teaching from the Universities of Chile, Michigan State and London. He taught Spanish at Ealing College and Shell International and was an examiner for the University of London School Examinations Board. He now lives and works in Chile.

Still working through this book...this is the second system I have purchased from Juan Kattan-Ibarra, and his books are truly in a teach yourself format that you can use to teach your entire family!

It is very basic but has good information for someone just starting out. I was looking to get closer to fluency and this book is not for that.

I liked at first, but by the time I used the second CD and realized it wasn't working properly. It was too late to return. So I haven't used anymore.

Excellent self-learning resource. Worth taking your time and really absorb and build on the exercises. Deceptively good book

Good product and well priced

The book, dictionary and cds were still in factory wrap but the cds would not play. Each one showed error and I tried them on 3 different cd players/ The book is very good and I like the way this author presents the language. I recommend books by Juan Kattan Ibarra but don't buy this set if you are counting on the cds.

This comes with book and CD. It's a good, glossy, well-organized textbook if you are an adult trying to learn Spanish. It covers Spanish as spoken in Spain and Latin America, so you get the benefit of hearing the different kinds of accents in the audio.

Greate work!
