SpongeBob Goes To The Doctor (SpongeBob SquarePants)

Synopsis

SpongeBob SquarePants has come down with a bad case of the suds and he's afraid to go to the doctor. But when being sick means having to miss a day of work at the Krusty Krab, Spongebob must face his fear!

Customer Reviews

This was a gift for my nephew, & he loved the book, through an amass of presents to open he stopped went right to Dad & asked it to be read. This continued off & on throughout the day with other family member's. My Nephew has has a few issues with having to go through many Dr. visits due to a stream of allergies through his first 2 years of age & also a Severe ear infection which burst his eardrum & eventually lead to tubes with-in his ears. I believe that this has comforted him knowing that one of his cartoon heroes had to go to the Dr too!!!~T

My grand baby loves Sponge Non and loved this addition to his library. He is small and still rips pages, but that is to be expected.

My daughter loves reading this book over and over every night. It's a cute book!

I read this to my children and they laughed. Good book. What kind of site makes you put 20 words

My kids loved Spongebob on my kindle! They sat and watched it during one of my appointments and it kept them entertained and out of trouble!

I got this book while camping as a kindle version and he was really into the book. now he reads it all the time to make himself feel better

This was a really cute book about Sponge Bob getting sick. It is a good read when your kids are under the weather. My kids loved it!

Great for Spongebob fans. When the child knows the character, it makes them so much more eager to read the book.
