Very expensive

shipped this CD Audio set exactly when they said they would. I was able to use it in my class as soon as it arrived. This set goes with the latest edition of the Spanish AP book Triangulo. Although pricey, I use it constantly in my class. Much of the listening is a little easier than the Diaz Spanish AP book. I switch using these two audio resources to give my students a wider range of authentic examples of dialect and pronunciation.

Very happy with my purchased. Thank you for the fast delivery.
