## Customer Reviews

The Law School Admission Council has developed and administered the LSAT on behalf of all American Bar Association-approved law schools since 1948. Their national headquarters are located in Newtown, PA.

I am glad with my purchase and it arrived very quickly!

This is the newest LSAT preptest, as of the time of this review (February 2014) The LSAT changes with time. You should definitely get the newest test, as new tests are the best indicator of what future tests will look like. Considering how important the LSAT is to your odds of admission, this book is well worth the price. You should also get the following books: LSATs 52-61 LSAT 63 LSAT 64 LSAT 65 LSAT 66 LSAT 67 LSAT 68 LSAT 69 LSAT 70 The total cost of those books + this book is around \$70-\$80. You'll get 18 of the most recent, official LSAT pretests. There is no better

investment you could make towards a better LSAT score. Note that only pretests 66-72 have two pages for logic games diagrams. I recommend using only the second page for your diagrams. I've watched students draw diagrams far away from the questions, and it is surprisingly easy to lose your train of thought when you have to move your eyes across multiple pages. If you want more pretests, I recommend LSATs 29-38, which is only \$21 and has ten more fairly recent tests. To get tests 39-51, you'll have to buy online PDFs, as the LSAC no longer makes them readily available in print on .Graeme BlakeModerator of Reddit's LSAT ForumAuthor of [A LSAT Pretest 71 Explanations](#)

This is currently the newest LSAT PrepTest (as of May 2014). Since the LSAT has changed significantly over time, it's important to study with the most recent PrepTests. However, LSAC recently published a big bundle containing [A LSAT Pretests 62-71](#). If you don't already have the others, you can save some money and just buy that book instead of this one. Also, just so you know, LSAT exams 66-71 are the only exams that have the 2-page layout for Logic Games at the time of writing. Before this welcome change, each test only provided ONE page for each Logic Game and related questions. Can you imagine? Terrible. (To make sure you don't go into these tests blind, I've published pictures containing the 2-page layout on my website. You can see the specific article by selecting the "Logic Games" header at the top.) For additional and affordable practice, you can get [A LSATs 29-38](#) and [A LSATs 52-61](#) in books of 10. LSAC has allowed LSATs 39-51 to go out of print, but you can purchase PDFs of these exams through my website. Happy studying! Feel free to reach out if you need any help with your prep.

One of the best things about the recent LSAT tests is that LSAC finally decided to give test takers more space to actually diagram the logic games. Since proper diagramming is key to mastering the logic games section, this is quite a boon. In order to practice with this new format, you should order PrepTest 71.
