Another item that I am learning to love with each command I ask Alexa to do for me. I received this as a gift and set it up immediately. A very easy process to do. I am amazed and what this small tech product does. It adds appointments to my calendar, plays music, gives me a news brief every day, etc. All you have to do is call "alexa" and she's there to fulfill your request. I love this item so much that I just purchased this one to give to my grandson. I know he will be thrilled when he receives

it. Good job, ! Great product!
