Customer Reviews

Professional jeweler Jinks McGrath has been running craft workshops and managing a gallery for many years. She is passionate about her career, especially designing and making individual items for galleries and exhibitions. Enameling is her specialty. Jinks works out of her home in East Sussex, England, and happily divides her time between designing, teaching, and parenting. --This text refers to an out of print or unavailable edition of this title.

thank you....the book was even better than described. it was early and i will purchase from you folks again.

Nice book for enameling

A very good book for the beginner enamelist?

A much better choice would be Linda Darty's "The Art of Enameling".

Jinks does it yet again. I know this book is older, but it's new to me and I love the layout and the photos along with the helpful tips and techniques.

All enameling students need this book. It really gives you all the basics needed to improve your skills. good reference.

It is everything I need to know about enameling. I found this book to be extremely helpful in buying products to start enameling. It has great pictures and explanations. Good projects. I learned a lot from this book before I took my first class. Linda

This book is perfect for the beginner. Nice cover, Clean and most importantly, great for beginners.
