In 2000, Teach for America alumnus and Yale graduate Zeke Vanderhoek had a radical idea: students learn better from better teachers. His vision of what test prep could be if written and taught by great educators led him to start Manhattan Prep. Since we began, Manhattan Prep has grown from a boutique tutoring company to one of the world's leading test prep providers, offering GMAT, GRE, LSAT, ACT, and SAT courses and tutoring worldwide. We believe test prep should be real education. From our instructors to our materials, we work to teach you the skills you'll need to succeed on the test, in school, and beyond.

This is the best SC resource I have found so far. Just scored a 760 on the GMAT, and this book was a big help for the Sentence Correction section. It really clarified all of the rules that are tested, and how to approach them.

It's a good book. The delivery was simple, yet it gives deep knowledges regarding the subject. For those who want to score a high GMAT score i really recommend this book

This particular strategy guide has helped me out a lot in the course of studying for the GMAT. Not only can it be used to study for the GMAT, I believe that it is a great sentence correction book by itself. I've read other sentence correction books in the past, just to brush up on punctuation and grammar, but none of them were ever as descriptive as this. The chapters covers all the bases and simplified down the concept for you to understand. Also, if you do purchase this book, remember to email them on their main website the order number. Doing this will qualify you for free online practice exams.
