Gr 4-7-The dragonets set out to find the hidden underwater SeaWing kingdom and Queen Coral, Tsunami's mother, in this exciting sequel to The Dragonet Prophecy (Scholastic, 2012). When they arrive, Coral is thrilled to see the daughter who was stolen from her as an egg, but things don't go exactly as planned. Tsunami had always assumed she was the sole heir to the SeaWing throne, but a surprise younger sister leaves her confused about her future role, and Queen Coral's distrust of the other dragonets causes them to be imprisoned yet again. Having read the first book in the series

will help youngsters understand the motivations behind the characters' choices, but isn't strictly necessary to enjoy the nonstop action. Tensions mount as someone continues to kill Coral's unhatched female dragonets, and Tsunami herself is attacked. The dragonets become more and more endearing as the series progresses, and the adults more sinister. Moments of danger and brutality are tempered with comic relief, making this a perfect adventure for young fantasy fans to sink their teeth into.-Mandy Laferriere, Fowler Middle School, Frisco, TX (c) Copyright 2013. The Dragonets of Destiny, having escaped their prison in the kingdom of the Skywings, seek out the ocean kingdom of the Seawings. Tsunami, the Seawing princess stolen as an unhatched egg by the Talons of Peace, is expecting a rapturous reunion with her mother, Queen Coral. Though Tsunami is welcomed by the queen, she realizes that finding the kingdom and returning home are two different things. Having set the scene in *The Dragonet Prophecy* (2012), Sutherland spends more time on character development here, with the bulk of the book focusing on Tsunami's story. With only a few pieces falling into place, there are still intrigues to uncover and kingdoms to visit in upcoming volumes. Grades 4-7, --Kara Dean --This text refers to the Hardcover edition.

I loved this book! It was good and a fun way to ENJOY reading. It may not have been the best book that I have read, but it's a close second. I love these books and I'm hoping I get the rest. I read through book 1 and 2 in 4 days. If you want a sum on characters here. Tsunami: Seawing, troublemaker, independent, and likes to fight. Clay: Mudwing, calm, big for age, brotherly substance for dragons, and loving. Starflight: Secretive, silent, Nightwing, no powers, and annoying. Sunny: Happy, Sandwing, optimistic, and not dangerous. Glory: Rainwing, highly dangerous, sarcastic, and colorful. These are great books and I recommend them to people who liked warriors, survivors, and seekers. Tui t. Sutherland was part of the Erin Hunter team when they wrote seekers. Please read that these books are about dragons, and some love May be included. I would recommend this to children 9-14 And adults.

I bought this and another book in the series for my granddaughter who loves this series for a gift. I know she will love them.

I would give this book unlimited stars because it is so good. I spent all night reading it. I love this

series so much. Everyone should read it. I love dragon books, especially this series. READ this series. I promise you will love it.

Great series for any age. I have really enjoyed these books.

I didn't read the book, but my eleven year old daughter devoured it in a single day and was engrossed in the story.... which says a lot for her. She's stopped reading other popular books/series as she has a hard time holding interest in them. (yes, she's somewhat A.D.D.). She's looking forward to the next books in the series, and I'm happy that she's reading!

Its not a bad sires, but how come kestrel has to be such a bad parent! I mean Webs is really nice but besides that i LOVE the books!, keep it up!

Great book. Fast mailing

My 8 year old loves this series
