Customer Reviews

The book content is helpful for the course I'm taking in Paralegal studies-Introduction to Legal Assistant ethics, this is an introductory class so the book provides good info on ethics. professional conduct, etc. I recommend the book for students of paralegal studies in first or 2nd semester.

Was needed for my college Ethics course. The book did its job and arrived in great condition

Had to purchase this book for my paralegal courses. It was a lot smaller and thinner than I expected it to be, but still provides some helpful information

The seller advertised the book as like new and without marking inside... Like new fit well because it looks like his/her dog bit off a corner of the covr. Also inside EVERY chapter had numerous sections highlighted. ALTHOUGH, the book didn't match the description; the highlighting was helpful and for less than \$2.00 to purchase I can deal with a corner missing from the cover. Therefore, I gave a rating of 4 out of 5 stars because the book was not exactly as described. BUT, the highlighting was helpful and i couldn't beat the price with a stick. Also, the book arrived promptly and exactly when I was told it would. Maybe Im being a little critical of the seller's description but I am being honest.

About what I expected.

beware this is the much earlier third edition and the laws have changed a lot. I recommend buying the most current book.

EXCELLENT.

The textbook condition was described as being very good. I am very pleased with its condition, especially since the book has the CD in the back.
