Roger LeRoy Miller, Ph.D. has served on the faculty of several universities, including the University of Washington, Clemson University, and the University of Miami School of Law. As a professor, he has taught intellectual property law and entertainment law, among other subjects. A widely published and respected author, his work has appeared in the Insurance Counsel Journal, Defense Research, California Trial Lawyers Journal, Antitrust Bulletin, Wisconsin Law Review, and Connecticut Law Review. He has authored or co-authored numerous authoritative textbooks on law, including BUSINESS LAW: TEXT & CASES; BUSINESS LAW TODAY: TEXT & SUMMARIZED CASES; and THE LEGAL ENVIRONMENT TODAY. Professor Miller completed his studies at the University of California at Berkeley and University of Chicago. Frank B. Cross is the Herbert D. Kelleher Centennial Professor of Business Law at The University of Texas at Austin Law School, where his research centers on judicial decision-making, the economics of law and litigation, and traditional policy and doctrinal issues in administrative law. He has written several books as well as pieces for the Yale Law Journal, Columbia Law Review, University of Chicago Law Review, New York University Law Review, Texas Law Review, Virginia Law Review, Cornell Law Review, Georgetown Law Journal, Northwestern Law Review, and UCLA Law Review. A former president of the Academy of Legal Studies in Business, Professor Cross received his B.A. from the University of Kansas and J.D. from Harvard Law School.

As a student, it is always nice when a textbook is well written. This book was written in a clear manner with the content organized logically. I actually enjoyed reading this textbook because it was so well written that I could quickly get a great grasp of the content. Even though the topic (business law) is rather nuanced, I felt the textbook did a great job covering the details and finer points of the

law/legal system. Plus my professor (who is the head of her department) raved about how this textbook is one of the best she's ever used so the teaching professionals seem to agree with my analysis too!

Got an A in the course and it was an online course. My online class only utilized the questions supplied by the publisher for each exam so I was able to prepare for each test very easily. I did have trouble answering questions that had real world examples as the book lacked a few details as to how those things could be handled, but overall the book served its purpose.

This text is very informative and teaches a lot about employment laws with much detail to understand.

This is a great book to read if you want to learn about the law. It has helped me in real world!

Textbook for a class I am taking. Getting the kindle version saved a ton of money compared to buying/renting the actual textbook, and it is nice to be able to use the search feature!

Easy to read. Cases are pre briefed, so you don't have to read through pages and pages of information to get the gist of the case.

Huge dissapointment...everything in here can be googled... Just like most textbooks. I did not need this to pass, and it did not contain anything that is not already easily found online

I was impressed with the style and delivery of the information. Very comprehensive and easy to locate information. Great Intro to Business Law
