How To Text A Girl: A Girls Chase Guide (Girls Chase Guides Book 1)

Synopsis

You're 5 Texts Away From A Date With Her! Do you know most men make texting girls far HARDER than it needs to be? And that it can be SIMPLE to text a girl you like out on a date? This easy-to-use, step-by-step guide shows you how to text a girl, what to text, and when to text it to her. If you're tired of "spin your wheels" texting advice, buy this book. Its approach draws from 18 cutting edge scientific studies on texting! And it's written by the founder of the highest traffic men's dating advice website on the Internet, GirlsChase.com. What you will learn inside: Who the 4 kinds of texters are (plus: which one YOU are) - pg. 2 How to text a girl you like (use the powerful JGIG texting system) - pg. 10 Exactly what to text girls: what topics to text and which to AVOID - pg. 62 The 4 BIG reasons most guys struggle to turn phone numbers into dates (these are so easy to correct) - pg. 74 How to tell if a girl likes you over text! Do this ONE thing, and you will know, with certainty, if she like you or not - pg. 67 How to "break the ice" with a girl over text in a way that kills awkwardness and gets her to text you - pg. 52 How to get a girl to LIKE you over text (hint: no clueless questions or long-winded text jousts!) - pg. 15 What to do when a girl doesn't text back - apply these 2 dos and 2 don'ts, and you'll get her texting today, 4 times out of 5 - pg. 72 How to flirt with a girl over text and make her EXCITED to meet up with you - you'll learn why "less" is "more", and just how much to actually do - pg. 31 An easy way to make sure girls almost never cancel the dates you plan with them over text. To do this, you'll use a simple, powerful trick called the "pre-meeting text" - pg. 68 What to do if a girl flakes on you (the good news: handle this well, and her attraction for you goes through the ROOF) - pg. 85 How to make a phone call to a girl that "resets" her interest in you (this works like magic at times when nothing else does) - pg. 92 The single most EFFECTIVE way to resume texting a girl you haven't talked to in weeks or months - pg. 112 How to start a conversation with a girl over text message; to do this right, you MUST use one of the two (2) patented "text objectives" - pg. 28 An example text conversation, start to finish, that ties EVERYTHING in the book together (this lets you see how all the pieces work, end to end) - pg. 134! plus tons more examples, scientific study findings, and rules to texting women most men NEVER unearth! no matter how many texts they send. As a FREE bonus, only for book buyers, you'll receive the GC URL to a 93-minute bonus podcast on texting with girls. In this bonus podcast, Chase answers 79 texting questions from readers (like you)! on EVERY imaginable texting women question. This podcast is not available to the public, or anywhere else. It exists solely as a "thank you" to buyers of this book. If you'd like more dates with more girls, buy this book. If you'd like the girl you've texted forever to finally SEE you, buy this book. Customer Reviews

As someone who has read, gone through, and used dating material from dozens of sources, Chase has some of the best... not because I enjoy reading it or even because it makes me feel more confident in my conversations with women (although it does). No, I like his material because it actually works. It covers many situations and teaches you how to do an excellent job of conversing with to get what you want while also having integrity as a man. Solid stuff, Chase!

The information in this book is the kind that'll change any man's life once he applies these principles. I'm far from a novice and I frequently visit the author's for hidden gems. This book is definitely going to get your foot in the door when it comes to texting women. I love the way it

reminds us of how much of an art texting women is and that the same rules that apply in person when you're talking doesn't apply through texting. Thank you for this Chase! As you begin to read through the chapters it's almost as if something starts to click in your head. As if puzzles are falling into their proper place and you're beginning to see the big picture. The picture as to why you'd have amazing conversations in person and when you got her phone number it was as if she was another person or the magic had sizzled away. This book literally breaks down everything you were doing wrong and tells you the proper way to text.

Chase is the best guy on the Internet for dating advice, bar none. His website, GirlsChase.com, is revolutionary in every sense of the word. You won't ever be the same (in a good way!) should you give just one article a shot. This book offers everything the site has and extra. Plus, getting texting down is a great foray into the unknown should you be new to improving your abilities with women. Terrific read, and despite being a GC veteran I still learned quite a bit. It is so rare to be as satisfied with a company as I am with Girls Chase, and it is only for such a company that I'd even bother writing a review, let alone a raving one.

All the teaching in this book is just normal texting that everyone is doing anyway, I was looking for examples and examples and examples... Alas, not many!

An excellent manual for a more effective way to text. Excellent examples for several common situations.

How to Text a Girl: A Girls Chase Guide (Girls Chase Guides Book 1) I've been a Girls Chase reader for years now and really was looking forward to this book. Chase's advice has always been spot-on, not only because it's right, but practical. A lot of these PUA gurus out there will spout out for hours about how you need to be Alpha, not be attached the outcome, have fun, etc., but rarely are they ever practical. They either fail to give real life examples, or if they can, they don't know how to break down the situation to its fundamental social parts. Chase does use real life examples, and he can explain every nuance of any social interaction, including texting. He tells you very practical things like "Keep Your Eye on the Ball" and that you can't really romance women over texts because it's much better to do that in person, and then SHOWS you why that is. He also busts a bunch of myths that parade around the net with the PUA's and that your good friends, even those with good skills, might still fall for. Myths like "wait X amount of time before you text her." Hell no. Text that bitch right

away. Oh and one big one that I only just learned recently - ignore unhelpful questions. If she asks you two questions in one text, only respond to the most relevant one to your interests - the one that gets you closer to seeing her in person. Don't be her texting buddy, and for sure stop getting ghosted on and flaked on. Best way to do that? Buy this damn book. Dueces.

Chase is a wonderful writer and the points he highlights are applied not only to women but on everyone .

This was a great read full of actionable techniques that just work. There's two that I really want to point out because I know it will help a lot of you reading this. #1 - Getting girls texting again I used to run into this issue a lot. Would meet a great girl and then we would text for a few days, then silence. I never really had a way of getting them to start texting me again until this book. Chase outlines a simple system for getting them to text back fast. #2 - The check-in text for setting up dates There would be those weeks where I hadn't met anyone new and just wanted someone to spend time with. I used to feel really awkward texting girls I stopped talking to months ago, so I just didn't. In the book, Chase gives you a easy "check-in text" that let's you set up dates with girls you haven't spoken to in months, even years. This was a great read and worth every penny. I've been using it for a week now and it just flat out works!
