The ABC Murders

Synopsis

A popular Christie mystery now available on CD. A Complete and Unabridged recording read by Hugh Fraser. There's a serial killer on the loose, bent on working his way through the alphabet. And as a macabre calling card he leaves beside each victim's corpse the ABC Railway Guide open at the name of the town where the murder has taken place. Having begun with Andover, Bexhill and then Churston, there seems little chance of the murderer being caught - until he makes the crucial and vain mistake of challenging Hercule Poirot to frustrate his plans...

Customer Reviews

"There is no more cunning player of the murder game than Agatha Christie" Sunday Times
"A masterwork of carefully concealed artifice... most stunningly original" Julian Symonds

Agatha Christie was born in Torquay in 1890 and became, quite simply, the best-selling novelist in history. Her first novel, *The Mysterious Affair at Styles*, written towards the end of the First World War, introduced us to Hercule Poirot, who was to become the most popular detective in crime fiction since Sherlock Holmes. She is known throughout the world as the Queen of Crime. Her books have sold over a billion copies in the English language and another billion in 44 foreign languages. She is the author of 80 crime novels and short story collections, 19 plays, and six novels under the name of Mary Westmacott.

I love mysteries and this story is very very good, Hercule poirot is the best. This is a complicated

story with many twists and turns. If you are a mystery buff you will love it.
