“When planning any river trip, the Appalachian Mountain Club guidebooks are invaluable.”
—The Sunday Independent South

Great book! Great reference and starting to point to plan day trips or multi-day trips. Individual trip details vary from section to section. Some are more in-depth than others. Not geared towards much "hardcore" whitewater, but filled with plenty of good info about a multitude of rivers and streams. Neatly organized by watersheds. This is my starting point for planning any paddle trip in VT or NH.

I have already used it and can't wait for our next venture.
