Customer Reviews

I purchased Rosetta Stone Portuguese to get ready for my trip to Brazil. Unfortunately it didn't teach me useful words and phrases. This book was so much better for letting me see the words to describe business/travel related terms. I am very happy with this purchase, and just wish I'd purchased it first and used it more beforehand. As a colleague noted, it's hard to learn useful components of a language if you're traveling for business. I don't need to talk about girls, boys, swimming or running - I did need to know how to get where I was going, how to ask for service, etc.

Very helpful. My first visit to Brasil and this little book was my companion. It was a long flight from Miami to Brasil so I studied for several hours. Ok so I do have to admit that my pronunciation was a bit off, nothing that the friendly Cariocas were easily able to correct. I got by!!!!

This book by Erica Stewart is one of those in my collection which I've recommended to my friends. To me, it's a must have as I am a business woman and have to travel a lot, specially to Southern America. I haven't seen a book so simple as this one. It's like the author is sitting in front of me and teaching the language with efficiency. Great book.

I liked the friendly method in which the author wrote. The sections are well organized and you can quickly find helpful information. I am very well pleased and would recommend this book to all.

WONDERFUL

not worth the \$2.99. peppered with European Portuguese.
