Trades out more detail about more places in favor of beautiful pictures of the places it covers.

Great. Thanks.

The travel book came within the specified time. This book has fabulous color photos and includes almost every place that we will be visiting on our trip to Brazil. There are also maps to help us explore the cities.

I would prefer a book with more pictures. But, this is a really good guide

Just love these Eyewitness travel guides and their other books too. I have many of them because it's the perfect book for travel but also to learn an abbreviated, intelligent bit of history!

No one turns out a country guide like Eyewitness. That said, it is best for browsing to learn about an area, or particular sights you might be interested in. Then buy yourself a different book to plan your actual trip.

Thank you

excellent
