Synopsis

Based on Black Dog's best-selling book *The Louvre: All the Paintings*, this beautiful, informative card deck is the perfect way to experience the treasures of one of the most spectacular masterpiece collections in the world. The Louvre is the most visited museum in the world. The paintings of the Louvre constitute the richest and grandest collection of European art anywhere. Culled from Black Dog's best-selling book *The Louvre: All the Paintings*, *The Louvre Art Deck* distills into 100 6 3/8" x 6 3/8" cards the museum's most iconic and significant paintings. Also included are 10 other masterpieces like *The Venus de Milo* and *I.M. Pei's Pyramid*. On the front side of each card is a fullsize photograph of the painting, and on the back is text by art historian Anja Grebe on the key attributes of the work, what to look for when viewing the painting, the artist's inspirations and techniques, biographical information on the artist, and more. The cards are also fully annotated with the name of the painting and artist, the date of the work, the birth and death dates of the artist, the medium that was used, the size of the painting, the Louvre catalogue number, and the room in the Louvre in which the painting can be found. Perfect for students, art lovers, and armchair travelers alike, *The Louvre Art Deck* is a unique way to enjoy and learn about the greatest works of the great master artists.

High quality cards! My wife bought this before her trip to the Louvre. My family plans to study these cards as part of our homeschool.

Cards will never do the actual painting justice, but they are better than postcards and have info on the back of cards, I have my favorites on little wooden easels in my office, I love them!

These are basically 'adult flash cards' with beautiful photos of the art pieces of the Louvre's collection. There is information about the works on the back of each card.

Beautiful print quality and nice selection of artwork. Great for students and teachers and anyone who loves and appreciates art.

This is one of those tabletop items that people invariably pick up and start going through. I think a precocious child would enjoy being able to recognize artist and work, as flash cards, too. Definitely a good learning tool for everyone. Give it as a gift, everyone can use it.

What a fun, great idea! A fun (and somewhat impressive) gift.

This was a gift and made for some interesting conversation. The cards are large enough to easily see and read the descriptions.

Exactly what I expected and the brief bio of the painting on the back was better than I thought it would be.
