# Back To The Future - The Trilogy

## Synopsis

Back to the Future was released without fanfare in 1985 and became one of the most successful and iconic films of the decade. Robert Zemeckis (who had put himself on the map with the enjoyable 1984 adventure romp *Romancing the Stone*) wrote the film with Bob Gale. They conjured an irresistible mixture of nostalgia, satire, comedy, action and romance and made one of the best films of the 1980s. Despite a bizarre Oedipal theme (not too many mainstream blockbusters flirt with incest!) and a sometimes troubled production, *Back to the Future* took a clever premise (what if you met your parents when they were teenagers at school?) and transformed it into a calculated, intelligent, sassy, funny and charming fairy tale that repays the viewer time and again. Revisit this classic film and its sequels in *Back to the Future - The Trilogy...*

## Book Information

File Size: 1157 KB

Print Length: 28 pages

Simultaneous Device Usage: Unlimited

Publication Date: August 18, 2015

Sold by:Â Digital Services LLC

Language: English

ASIN: B0144Z8Z9E

Text-to-Speech: Enabled

X-Ray: Not Enabled

Word Wise: Enabled

Lending: Not Enabled

Screen Reader: Supported

Enhanced Typesetting: Enabled

Best Sellers Rank: #417,388 Paid in Kindle Store (See Top 100 Paid in Kindle Store) #41

## Customer Reviews

A collection of IMDB listings for the three movies and waxing about time travel in books and movies. Not worth getting at all.

It is not the books. Just some guy waffling on about the movies. Don't buy.

A very good book to read and well written Try to find and read it yourself A must read book
