Robin Jones Gunn is a God-lover who can't stop telling stories. And by the way, she's still crazy about her husband after twenty-eight years and confesses their two kids turned out pretty good only because of the extravagant grace poured out on their family.

oneâœHOW COME THIS STUFF makes sense to you?â• Randy Jenkins asked, tossing his wadded-up gum wrapper into the fireplace. A high school physics book lay propped like a tent on the floor in front of him, and a half dozen papers surrounded him. Sierra pushed the painted enamel bracelet up her arm and cast her buddy an encouraging smile. âœYou almost have it,â• she said.

â œGive it one more try.â •While Randy fussed over his homework, Sierra stretched out her legs and fondly gazed around the warm family room. The grand Victorian house, which had been in her family for more than fifty years, offered plenty of space.Sierra tilted her head and tried to catch Randyâ ™s gaze with her gray-blue eyes. â œYou want to take a break and eat something?â •Before Randy could answer, Sierraâ ™s older sister, Tawni, burst into the room clutching the phone in her drooping hand. â œWhereâ ™s Mom?â •â œShe took the boys to get haircuts.â • Sierra noticed tears glistening in Tawniâ ™s eyes. If Sierra guessed right, Tawni had been talking to her new boyfriend, Jeremy Mackenzie, as she usually did this time of day, every day. Conversations with Jeremy were prone to cause smiles and whispers, not tears.â œAre you okay?â • Sierra asked cautiously. She and her sister had never been exceptionally close and such a question could embarrass Tawni, especially since Randy wasthere.â œSure. Fine. Iâ ™m going to make cookies,â • Tawni announced and marched through the family room into the kitchen.â œNow I know sheâ ™s upset,â • Sierra said in a low voice to Randy. He was scratching a list of figures on a piece of notebook paper and didnâ ™t look up.â œSomething happened between her and Jeremy. I bet heâ ™s not coming.â •â œWhat?â • Randy said, looking up. His straight, dark blond hair, which was cut in what Sierraâ ™s Granna Mae called a â œDutch boy,â • fell into his eyes. â œWere you talking to me?â •â œNever mind,â • Sierra said. Gathering her long gauze skirt in her hand, she stood up and headed for the kitchen. â œIâ ™ll be right back.â •â œWhatever,â • Randy muttered. The counter was already covered with all the dry-goods canisters from the pantry, including one filled with pasta. Two eggs sat precariously close to the edge of the counter, and a large bottle of vanilla extract stood with its lid off, spreading its pleasant fragrance like a blessing over the baking event. Tawni was smearing butter on two cookie sheets as Sierra entered. Her sister didnâ ™t look up but dumped the rest of the butter stick into a mixing bowl and furiously began to chop at it with a wooden spoon.â œAre you all right?â • Sierra asked again.â œOf course I am! Just because Jeremy isnâ ™t coming to see me this weekend after all our planning doesnâ ™t mean my life should come to a standstill. I have lots to do. Lots and lots!â •â œWhy isnâ ™t he coming?â •â œMoney, school, finals. Take your pick.â •Sierra lowered herself onto a kitchen stool and felt her heart sinking. During the weeks Tawni and Jeremy had been planning his visit from San Diego, Sierra had been busy secretly making her own wishes. Jeremy had a brother, Paul, whom Sierra happened to meet at the airport in London five months ago. Since then she had seen him around town twice and received two letters from him. Their brief conversations and correspondence had left Sierra with a treasure chest full of â œwhat ifâ ™sâ • buried deep inside her heart. When she had found out Paul and Jeremy were brothers, it seemed inevitable her path would cross with

Paulâ™s. Then when Jeremy decided to come to Portland to see Tawni, Sierra had known her treasure chest was about to be opened. But now all those possibilities were crushed.âœSo, is he going to come later? After school is out?âœHeâ™s going to try.â• Tawni opened the cupboard door and began to move the spices around. âœWhere does Mom hide the chocolate chips?â• In the pantry,â• Sierra said. âœOn the top shelf behind the paper towels.â• Tawni went to the pantry and continued her search as Sierra tried to rearrange the dreams in her treasure chest. âœThatâ™s not so bad,â• she told Tawni (and herself). âœOnly a few more weeks. Besides, in June, Jeremy should be able to stay longer. This weekend would have been here and gone like that.â• Sierra snapped her fingers for emphasis. âœDonâ™t you think it will be much better if he comes for a whole week?â• âœI guess. That is, of course, if he can pull together the money by then. His car needs new brakes, and his bank account is shot.â• âœProbably from paying his phone bill,â• Sierra muttered.âœWhat is that supposed to mean?â• Tawni spun around with a roll of paper towels in her hand. Sierra should have known better than to challenge Tawni when she was in such a moodâœespecially because, at eighteen, Tawni didnâ™t put much value in Sierraâ™s sixteen-year-old logic. But she spoke up anyway. âœYou guys talk constantly on the phone. Iâ™m sure it adds up. Neither of you has that much money. It doesnâ™t make sense to me. Why donâ™t you save some money by not calling each other all the time?â• âœSierra,â• Tawni said, shelving the paper towels, âœyou donâ™t know the first thing about love!â• âœYouâ™re right. I donâ™t.â• Surprised by Sierraâ™s admission, Tawni didnâ™t respond but continued her search for the chocolate chips.âœI guess love makes you do crazy things,â• Sierra said. âœLike spending all your money on a phone bill instead of a plane ticket.â• Tawni pursed her lips together as if she were holding back a flood of words.âœIt was only a suggestion,â• Sierra mumbled, holding up her arms in surrender. Youâ™re not the only one affected by this, Tawni, she thought. All my dreams of seeing Paul are dissolved now, too, you know. Of course, Sierra would never admit that to her sister. A stiff silence crowded the large kitchen as Tawni reached her arm into the dark recesses of the cupboard above the refrigerator. âœAha! Perfect!â• She extracted a large, crumpled bag of M&Mâ™s.âœThose look like theyâ™ve been there for a decade,â• Sierra said.âœSo? The bag is still closed. Donâ™t they put enough preservatives in these to keep them fresh into the next century?â• Tawni pulled open the bag with a snap and poured the candy onto the counter. âœGo ahead. Try one,â• she challenged. âœIâ™m not going to try one,â• Sierra said. âœYou try one.â• It occurred to Sierra that she and her sister had somehow changed roles. All their lives, Sierra had been the daring, rambunctious one even though she was younger. When they were little, Tawni was the dainty, prissy one who insisted

on using a straw to drink her milk lest she fall prey to the dreaded milk mustache. Now Tawni was acting like Sierra by turning the kitchen into a war zone in her attempt to make cookies, and Sierra had turned into Miss Finicky. Funny how she would go against her true nature just to oppose her sister. "Oh, this is crazy," Sierra spouted, grabbing a handful of M&Ms. "Look, I'm eating them." She tossed them into her mouth just as Randy entered the kitchen. "What's happening?" he asked. "I'm making cookies," Tawni said. "And Sierra is acting like her stubborn self." "I am not," Sierra said, her words coming out garbled through the M&Ms. It wasn't unusual for Randy to hear this kind of banter, which frequently flew between Sierra and Tawni. About three weeks ago, he had started to stop by Sierra's house regularly. At first it was on Friday nights, and any other night he wasn't working at his lawn-care business. He even came by one night and had dinner with Sierra's family when Sierra was at her friend Amy Degrassi's house. Sierra's parents encouraged a drop-by friendships, so Randy had quickly become part of the family. "I have only one question," Randy said, sitting next to Sierra and nudging the two eggs away from the edge of the counter. "When will they be ready?" "Soon," Tawni said, measuring the sugar and double-checking to make sure it was exactly right. "Let us know when you're ready for taste testers," Randy said, heading back to the family room. "I have to finish this homework tonight." "Me too," Sierra said. She gave Tawni a pleasant look and added, "Just keep telling yourself it will only be a few more weeks before he comes." Tawni looked surprised and tossed back an amiable, "Yeah, well, thanks for caring." "Oh, I do!" Sierra thought. More than you know, dear sis. More than you know!

I have read all the Christy Miller books Christy and Todd books up to the 1st book of the married years. I have also read Katie Weldon and I've read Praying for your Future Husband. Each book has impacted me differently and God has really used it to show me and teach me things. Sierra Jensen though is defiantly the one I'm most like, and that's what my mom said too from the moment she read about Sierra. Anyway this book is amazing and I'd recommend it to every girl everywhere!- Bethany Anne

I would suggest it to anyone who liked the Christy Miller books. This was not my first time reading it I liked it so much I read it again and now my sister is reading it we don't usually like the same books but she asked to read these.

great

I am a school librarian and needed this book to complete "The Sierra Jensen Collection". I was very pleased with the book and the time it took to arrive.

This book is really good lots of people just read the first few pages of the vol.1 of Sierra and said they thought it was boring but I tried to read it and read more than the first few pages and loved it and know I can't live without it

I bought this for my daughter as I loved this series myself.

It came on time and brand new. I love it!

Nice book.
