Praise for THE NOTEBOOK OF DOOM #1: RISE OF THE BALLOON GOONS "Cranking up the horrorlarity with googly eyed cartoon figures and sight gags on nearly every page, Cummings pitches his nervous but resourceful newcomer into a climactic, all-out battle with an entire army of aggressive, air-stealing bendy balloons.... An unusually promising series opener for proto-Goosebumps fans." -KIRKUS REVIEWSPraise for THE EENSY WEENSY SPIDER FREAKS OUT! "Clever text full of witty asides." -SCHOOL LIBRARY JOURNALPraise for MORE BEARS! "[Artwork that is] infused with zaniness of fun." -SCHOOL LIBRARY JOURNAL

Just one more amazing story by Troy Cummings . My daughter and I can't wait to read number six. Just fantastic stuff

My son loves this series and re-reads his books often. Not scary for him and very entertaining

My 8y son loves these. He can't put them down.

Our 8 year old son loves this series! He's read each of the books multiple times! We have struggled to find books that he wants to read, but this series did the trick! It's perfect for early elementary, just enough action and adventure without being snarky or scary. (Actually all of the "Branches" books have proved to be great at helping his confidence in reading and this his love for it!)

One of my 8 year old son's favorite series.

My 8 year old loves the Notebook of Doom Series. He's read 6 of them and a few he's sat down and finished in one day. Entertaining, fun and easy read for 3-4th grades

Great Product & Price

It's so much easier finding books girls will read. Boys don't always have the attention span to just sit and read. That being said, my son loves this book. It's funny and entertaining, just enough words for him to read without being overwhelmed by pages of type. Most of the time, we read together, but he has read this on his own. I'd recommend this book for 3rd grade, maybe earlier depending on reading level. My son has read the series at the school library, couldn't wait for this one to come out.
