Customer Reviews

Charts of Biblical Hebrew provides students of biblical Hebrew with a unique study aid. This innovative language resource contains: 130 of the most vital charts appear in print for instant access. A CD-ROM offers a complete collection of over 450 charts. Featuring two color design, Charts of Biblical Hebrew is cross-referenced to Pratico and Van Pelt's Basics of Biblical Hebrew and may be used with other first-year biblical Hebrew textbooks as well. The charts are also an ideal means of review for advanced students.

Miles Van Pelt (PhD, Southern Baptist Theological Seminary) is the Alan Belcher Professor of Old Testament and Biblical Languages at Reformed Theological Seminary in Jackson, Mississippi, where he also serves as Academic Dean. Miles lives in Madison, Mississippi, with his wife, Laurie, and their four children. Gary D. Pratico (ThD, Harvard Divinity School) is senior professor of Old Testament and Hebrew language at Gordon-Conwell Theological Seminary. He has been teaching

Hebrew for more than thirty years and is coauthor with Miles V. Van Pelt of Basics of Basics of Biblical Hebrew (grammar and workbook) and The Vocabulary Guide to Biblical Hebrew.

I use this book frequently in my studies. It's quite complete with every possible quick reference chart pertaining to Biblical Hebrew you might ever need. The only part I'm not a fan of is the conjugation order (e.g., 3ms, 2fs, 2ms, 2fs, 1cs, 3mp, etc). Since I'm learning with the Israel Institute of Biblical Studies (the online entity of the Hebrew University of Jerusalem), and they order the conjugations per normal English standards (e.g., 1cs, 2ms, 3ms, etc), it's a struggle to switch paradigms when I reference this book.

Best book online for Hebrew, Universities use this book... easy to go by, BUT Hebrew is not easy to learn as many claim it is, but these books are the best for learning. I am in my 2nd semester of Hebrew

A great companion to the Basic's of Biblical Hebrew series. I used it to write class notes on. There is a DVD with it that also has the Charts. I still refer to it when I run into problem texts.

this was in perfect condition and exactly what I needed

Arrived earlier than expected. This isn't a "pocket book" was a lot larger than expected, more of a resource book. Nice large charts and cd with more extensive charts in it.

It's a good complement, but not essential. It's good because you have the elementary information of Gary's Hebrew grammar here. I bought it because I need a material to prepare mine classes and it seemed objective to me. Considering that, For me it's ok. But the grammar book it's still more helpful than this one.

Not bad.

This book was everything I was looking for. The CD included has even more detail, and it is very complete.
