Customer Reviews

"A punchy and deceptively simple story that will make for some fun readalouds." • Publishers Weekly "Children of all ages can glean knowledge and enjoyment from this book." • Children's Literature --This text refers to the Hardcover edition.

Emmy Award and Grammy Award winner Jimmy Fallon did everything in his power to ensure that his daughter's first word would be "Dada!" Yes, he has many other projects on his plate, like hosting NBC's The Tonight Show. But he was determined that his daughter would say "Dada!" before any other word. He worked very hard on this. Jimmy Fallon lives with his wife, Nancy, and their daughters, Winnie Rose and Frances Cole, in New York City. Winnie's first word was "Mama!"

this book WORKS! When I first bought it I said "if jimmy fallon wouldnt have wrote this, it wouldn't have even been published! There's like 20 words in the WHOLE book and at least half of those are DADA." But I bought it for father's day anyways and my daughter LOVES IT! and so does her dada!

She's 18 months old and will grab the book and take it to her dada, chanting "dada" the whole way! Even when he's not home she will pick it up and search the house for him to read it. Mama isn't allowed to read it! lol Its great and definitely worth the money!**disclaimer** my baby had already started speaking before we bought the book, so her first word was technically momma,,, BUT had we got it before, i totally believe her real first word would have been dada

One-star reviewers, y'all understand that this is a book for illiterate children, right? It comes as a board book, and you're clamoring for narrative structure? Got to manage those expectations.

I was somewhat disappointed with this book when I realized that it was just a bunch of animals saying, "dada." However, the illustrations are cute, and my son and I have had fun making animal sounds. This was partly my own fault for not having read reviews before buying.

Looking through the pages I thought this was a nothing story. No words with rhymes or lines. However, when I went to read this to my 7 week old son, he smiled at his "favorite" animals. I threw some extra words in so he knew Daddy animal vs the baby and with the animal noises it worked out great. I even recapped the animals at the end. Not my cup of tea but a new born loves it!

I expected a better storyline... basically it's just a simple board book with a picture of a parent animal and baby animal on each page with the word "dada".... but I guess if you read it enough to your baby maybe their first word will be dada.

I was surprised at what a great book this is for infants! Way to go Jimmy Fallon! Nice big graphics that are eye catching, you learn the sounds of animals and of course "dada". Great book for Father's Day!

The book's kinda dumb but it's funny. I bought this for my brother b/c his daughter is learning to say Dada...I wouldn't pay a ton of money for this but it's funny and cute to have.

Coming from Jimmy Fallon and with reading the reviews I expected a lot more of a story. I think a 5 year old could have written this. Pictures are cute. I'll think twice before purchasing another Jimmy Fallon book though.
