Customer Reviews

I ordered this book because I live in Southern Oregon on the east side of the Cascades. I just got into Paddle boarding this summer and was looking for places to check out that were off the beaten path. Most of the locations are within a two hour drive of my house so I already have a trip to a Waldo Lake planned. I will be writing in the places I go. But I'm excited for next summer. This book is amazing, it is organized by regions so it will be my go to when traveling...

This book is a great resource for finding new places to SUP in Oregon! Each of the 50 locations includes difficulty, distance, driving directions and info about rentals, camping and other services in the area. Plus, Chris Heaps has taken the time to describe each of the paddles in detail - what you might see in the area, what the water or shores are like, and even historical / culture info. This is such a great resource!
