Customer Reviews

Decorating with Flea Market Finds, Hardcover, 175 pages

This is a good book with great ideas and a source of information for one to get It will be a great item for my art studio

Interesting, but nothing new.

I found nothing but nice pictures to view in this book. I do a lot of flea market decorating and there was nothing I could use. Ideas are mentioned in very brief text. A nice coffee table book but not an informative decorating source.

5 star

Happy with book and service.

Nice ideas and instructions for sprucing up furniture you already have or find when junking. Good

ideas a person can use to finesse their own tweaks.

I buy most of the home decor books that come out and found this book to be one of the best in many years. It is not a how-to book, nor does it claim to be. It is a huge compilation of homes and various styles. Each time I look through it, I find inspiration. The varied homes and styles all lend themselves to my own creativity. The book does highlight various topics, like:

McCoy, baskets, linens, ironstone, mercury glass.... I am pretty sure that I have seen all of the photos previously published in Country Living Magazine, but it is nice to have it all compiled into one great creative beautiful book.

Great Book.
