“The bright cover and colorful, detailed illustrations show this dictionary to be a fun and attractive resource that is a sharp contrast to the more traditional, somber, hardcover dictionaries found in most libraries.”

No! This book doesn't have my expectation, the book has a beautiful cover but the vocabulary is just a few that I have to look for in another's dictionaries

Writing inside book is extremely small.

I bought it for a 6 year old but it was really too advanced for him. I expected more photos. Still, it is a good buy.

Good dictionary, but missing a lot of entries. We frequently have to consult a bigger dictionary, so that's annoying. Also, despite the name, this will not fit in a pocket unless you wear those ugly and outdated baggy jeans.

I love it

For second grader who spends spare time at school writing and illustrating her own stories. She can carry this in her book bag or use it anywhere around the house.

Very useful

Got this for my 7 year old son last year. It is easy for a child to hold and contains some pictures that made it more enjoyable to use. I think I should have opted for the dictionary/thesaurus combo though. I ended up purchasing them separately.
