Customer Reviews

What a terrifically written book in how to communicate with our guides! Blair Robertson just cuts to the chase in how to easily connect with our guides. Robertson removes the myth of repetitive prayerful requests (ask once and done); points out how nagging thoughts are actually reminders to listen to your guides while acting on their wise loving direction and counsel. After all, Guides are

called Guides for a reason! Thank you, Mr. Robertson, for throwing worry and lack of confidence under the bus in accessing the help of our guides.

Loaded with easy to read, simple instructions. I have had a reading with Blair Robertson and he was right on. I wanted to read this book as I have had contact with my guides however it is random and most of the time I miss the message. Have had a hard time meditating at times and this book has tremendously helped me with that. Learned a long time ago that if I do what I "should be doing" my life runs much better with a lot less drama and problems. Glad I purchased this book and his other ones. Have learned so much info that I didnt know before. All easy to read and understand. He has a wonderful way of simplifying things.

I absolutely loved this book from Blair Robertson on how to connect with your spirit guides. While there is quite a lot of information out there on spirit guides, Blair has presented it in a fresh and simpler way. First of all, Blair gets right to the point and presents the facts and simple to follow steps in easy, everyday language. You feel like you are having a conversation with a friend, rather than reading a book. Also, the personal stories used as examples that Blair includes really tie into the subject and explain it very well. I have followed Blair's steps and have had real results that have helped me tremendously. I am grateful that Blair decided to share this information!

This kindlebook of Spirit Guides; 3 Easy Steps to Connecting and Communicating With Your Spirit Helpers (3 Easy Steps Psychic Series) by Blair Robertson touches on the power of intent when it comes to spirit guide communication. However, this book goes more into connecting with the spirit guides themselves, not so much the spirit realms that they come from. However, for a more indepth description of various realms it would be advantageous to explore works by Jurgen Ziewe such as Vistas of Infinity.

Really enjoyed this book about getting in touch with one's Spirit Guides. Provides lots of insight into spending some quiet time to allow your senses to hear and feel messages. I liked the step by step suggestions. I have always believed nothing is by coincidence, and this book just reaffirmed that for me. Those 'gut feelings' are more than happenstance. Read this book and tune in to your guides helping you along the way. It is life changing. A must-read for everyone on life's journey.

This is a wonderful book for beginners. I've attended several of Blair's webinars & now 2 books on

kindle. He's so funny, just an everyday guy that you can really connect with. The Spirit Guides book is easy to read & moves right along so that it can be read at one sitting or break it up into a couple of days just to soak in all the information. Blair tells stories that you can relate to, signs that you can watch for, it's all really pretty easy. Just be aware & watchful. I love this book & will read it again & again just to refresh.

"The Lord works in mysterious ways" and "it's a coincidence" are some of the phrases I have used in the past. After reading Spirit Guides, I now understand completely how my spirit guides have made differences in my life. This book helped me to learn how to accept these wonderful happenings in my life without over searching. If you want to understand life's miracles, read this book. If you want to stop worrying and stressing over life daily, read this book. If you want peace and understanding of life and all its ups and downs, read this book. It is amazing!

I just wrote an inspirational book called "Today creates Tomorrow" - how destiny lies in your own hands. A very similar book as Blair's on Spirit Guides. What I love about Blair's book is he has a straight up, no-nonsense, honest style about how to get connected with your spirit guides and stay connected. I too wrote my book as simplistic a fashion as I could as I believe there is much, too much fascination in the spiritual community with overblown useless visuals. Every person can connect with their spirit guides, with God and his Angels. And that connection can free every soul from life's drama and confusion. Spirit Guides is an excellent read. Keep it as a handbook on your nightstand.
