In Maryland, you'll discover hidden history, forgotten islands, secret messages, and decorative "decoys". Search its waters for the best harbor havens, Chesapeake crabbing, and brilliant beaches. Maybe even ride the first rail or conquer majestic mountain trails. But, planning trips can be so frustrating ... especially when your kids seem bored and are begging for new ideas on something fun to do. Searching on the internet takes so much time - especially if you're planning a short trip with other family or friends. And, how can you decide which places are "kid-friendly" and a good value? "Traveling with family & friends shouldn't be so hard. We wanted to make family time easy so,

we researched and wrote this book" say parents/authors George and Michele Zavatsky. After 1000 hours of personally researching and kid-testing every corner of the state, we've put together exclusive hints on what kids like best in KIDS LOVE Maryland. Over 500 ideas for children ages 2-15. This book is part of series of best-selling regional travel guides for twelve states in the South and Midwest. In the book, see pictures we've collected from our travels in Maryland. See if you can find . . .
