# Sneaky Snow White (Dark Fairy Tale Queen Series Book 2)

## Synopsis

Cinderella killed my father. She thinks she can do anything because she's the Evil Queen. And my stepmother. The only thing she truly loves is her Demon Mirror. But the more she gazes into that thing, the crazier she becomes. But I am no longer a child. I won't allow the Evil Queen to poison my heart and my home. Although my skin is white as snow, my soul is far from pure. I will make Cinderella suffer for her sins. Sure as my name is Snow White.

## Customer Reviews

I loved this book. Snow is so selfish, but then she has good reason. Read sinful Cinderella first she also is evil with good reason. So easy and fun to read. These stories take such a wonderful turn on the original fairy tales. All are good and basically complete with no cliff hangers. But each leave a need to read the next story because all the characters entwine with each other.

After reading Sinful Cinderella, I was excitedly awaiting this book. Anita Valle did not disappoint. While I love her Nine Princess Novella Series a great deal, these books take fairy tales and add inventive twists. The plot was unique and unpredictable, and the characters were interesting. Most of all, the twists and decisions she made to remake the story of Snow White were brilliant. I'd recommend any novella by Anita Valle.

This is a perfect dark fantasy! I love how everything makes sense and falls into place! It's different and the tale is as cold and as bitter as the chill of frost. I love how the fairytales are woven together into one wonderful series. I cannot wait to read the surprises and darkness of Rotten Rapunzel! Please read this amazing book! It has bitter and heartbreaking romance, bits of interwoven violence, and exciting fairytale features! Loved it!

Don't get comfortable into thinking this is the same old story! Some of the details are the same, but actual story is not. Loved and couldn't put it down until I was done. There is suppose to be another book she is working on about Rotten Rapunzel, I can hardly wait! But, do read the books in order, makes them so much more enjoyable.

I used to be scared of indie novels, but authors such as Anita Valle are changing that. After reading the first book in this series, I had to come back for more! While these books may not be the most cheery and innocent, they feed a curiosity, and their darker nature is exciting. I am totally hooked, and can't wait for the rest of the series! So if you liked Sinful Cinderella, you'll love Sneaky Snow White.

This book connects to sinful cinderella so good is like it actually happened and I figured out that in this series that cinderella is the mother of snow white/snow queen and she is the mother of rapunzel and I added it all together with the fact that they live in a gray stone tower

Cool twist to the stories and linking them together is cool... I hope eventually we get happy endings

here and there. I really liked Hunter. Hated the ending of his part. But very neat twists and turns, great drawing the reader in. Can't wait to read more!!

A fairy tale retelling isn't my normal fare for reading, but the first book of this series caught my attention, and after thoroughly enjoying that, I had to read the follow up. While the surprise at the end wasn't as surprising this time around, still a great read and a completely new take on a story most evrryone knows backwards and forwards. Anita Valle has taken my reading taste in a different direction, and I very much look forward to her next installment of this series!
