Customer Reviews

A lot of great information. Would have liked more graphics and some colored photos of voice actors, behind the scenes shots, and graphics portraying various narratives. But it is everything advertised, so no complaints.

Growing up as a kid in the Bible Belt, I enjoyed the Focus on the Family radio series, Adventures in Odyssey. Radio drama may not be very popular today, but it is alive and well in many Christian circles. These children's programs are impeccably produced. The stories are well-written. The sound effects help along the listener's imagination. The ongoing storylines are often suspenseful. And the

moral lessons the programs teach are biblically sound and mostly helpful for Christian parents. Old fans of Adventures in Odyssey will enjoy looking through 550+ page book about the series, Adventures in Odyssey: The Official Guide: A Behind-the-Scenes Look at the Stories, Actors, and Characters. Every episode is recapped. Every story is told. And many behind-the-scenes tidbits are recorded. The book features cast interviews and pictures of the cast and crew. I lost interest in the second half of the book, probably because I had already stopped listening to Odyssey by the time they replaced most of the original characters back in 1997. But I am already looking forward to listening to these shows with my kids when they get a bit older. If you're a fan, you'll find that Adventures in Odyssey: The Official Guide provides a fun-filled look at a show that has been going on for 20 years now.

My son enjoys listening to the Adventures in Odyssey stories. When he learned about The Official Guide he had to have it. He has spent hours reading and discovering all of the wonderful aspects of Odyssey. Highly recommended for any child who enjoys the Odyssey series. As a parent I love the great life values and choices that are a part of each episode.

This is exactly like the old official guide, except it has some different color photos and has albums 51-55, or 56, that was a bit of a let down, I was hoping for something completely new. If you don't have the old guide then it's a great purchase.

My son loves this and has read it a lot. Like everything Adventures In Odyssey, this is a quality! This book has everything fans like to read.

I gave this to my daughter-in-law for Christmas, who is a huge Odyssey fan, and she loved it--it was hard to pull her away from it. Thanks for getting it to us--no complaints!

I recently purchased this book for my family for Christmas and we love it! It contains interviews, behind-the-scenes information, and episode info. It's been fun to see what the characters really look like. I especially appreciated the in-depth episode index, which includes episodes based on books of the Bible and important themes, such as sibling rivalry and jealousy. I would highly recommend this book to accompany all Odyssey collections!

I am enjoying reading this very much and learning so much. So fun to have a look behind the

scenes!
