Customer Reviews

Bought this book on kindle to test its adequacy. Turns out that this book is perfect for my 5 year old. It's simple rhyming text and simple but engaging illustrations focus the reader on the main topic. I especially like the Bible reference, questions for discussion and activations at the end. I find those most helpful for the adult trying to explain an abstract concept to a young child. Looking forward to getting and reading the whole series--via the global editions.

My son loves me to read it to him over and over. Looking to order another one. Just a great start to

teach about walking in the Spirit.

This series is so fun to read. Helps to teach God's love and power to equip children of all ages.

I love that this great kids book is available on kindle! I hope all the "My Super Powers" titles become available on kindle.

My 5 and 6.5 year old love these books

My daughter loves it !!!

Dan wrote a great book for parents and children alike! I recommend it to any family who wants to grow in their spiritual gifting's! Pastor Jeremy

This is dangerous, extra biblical teaching and should be avoided. It's especially nefarious because it's being taught to children who cannot discern for themselves the right and wrong teaching of something. Steer clear of this indoctrination for your children. Stick with stories directly from the Bible for your children folks! Build them up in that so that when they are old enough they will know the difference between right and almost right.
