Dragons And Wizards CD-ROM And Book (Dover Electronic Clip Art)

Synopsis

Dragons are those vigilant guardians of fair maidens and treasures and a passel of powerful practitioners of wizardry are featured in this exciting CD-ROM and book collection. These 190 original illustrations of smoke- and fire-breathing dragons, scaly creatures of the sea, and wizards with long beards and flowing robes are ready to create instant interest wherever they're used. Included in this set are: One CD-ROM containing 190 high-quality, permission-free images scanned at 600 dpi and saved in six different formats (TIFF, PICT, EPS, BMP, as well as Internet-ready JPEG and GIF). A large-format 48-page book with every image on the CD-ROM printed large and clearly for easy reference. A CD-ROM and book set offering artists and crafters a virtually inexhaustible supply of graphics, this versatile array of easy-to-reproduce art will lend a touch of fantasy to any print project.

Language: English

ISBN-10: 0486995593

ISBN-13: 978-0486995595

Product Dimensions: 8.2 x 0.2 x 11 inches

Shipping Weight: 5.6 ounces (View shipping rates and policies)

Average Customer Review: 3.9 out of 5 stars 10 customer reviews

Best Sellers Rank: #673,389 in Books (See Top 100 in Books) #144 in Books > Arts & Photography > Graphic Design > Clip Art #573 in Books > Arts & Photography > Graphic Design > Commercial > Illustration #4163 in Books > Science Fiction & Fantasy > Fantasy > Sword & Sorcery

Customer Reviews

To be honest, I purchased this book & CD-ROM mostly for the Wizard images. It contains a decent amount of Wizards and other magical characters. About 66% of the book contains dragon designs. A small portion of the dragon section contains European dragons, however the majority of dragons included in this book are Asian. I would have given it 5 stars if only this collection included more European dragon designs and more detailed image descriptions. I also found a few but really nice medieval Sorceress images that I will definitely implement in my designs. Overall, the added

CD-ROM with 6 different image formats makes this a very useful resource. The fact that all images in this collection are permission-free makes this a great buy.

I really have nothing against the art, it just isn't what I was expecting or wanted. I like cute and cuddly and this sure isn't that!

The art work is fantastic and I did not have to hunt up the work. The company takes care of all the legal matter if the work is free to be used in any manner that the artist's wants it for. I don't have to spend hour looking for what I need,

Not a huge collection of dragons, but it had what I needed.

Silly questions above for an art book

Very nice artwork.

If you want line drawings of dragons and wizards and don't want to try to draw them yourself (or aren't talented enough, like me) this is a great book. The CD rom is great because you can print the things out.

I enjoy quality clipart. In particular, I enjoy fantasy clipart. This book and CD includes almost 200 samples of fantasy-styled clipart (royalty free to use at your leisure!). Many of them remind me of the 1979 Hobbit and Lord of the Rings movies - in both the good aspects, and the bad. I did rate this product four stars, and there is a reason for this - some of the included clipart, despite not having a vector-based copy on the disk (the EPS is raster-, not vector-based), is absolutely top notch. It has that old school charm that reminds those of us old enough to remember of the Hobbit animated movie from the 70's and the matching LOTR. They are rounded, low on detail, but high on quality. These clipart samples do not include heavy hatching and shading, but they do include a nice soft and rounded artistic style that screams to be used. The quality of many of them is excellent, in an admittedly simplistic style. Unlike many of Dover's other clipart books and CDs, these are on the simple side of the detail level, but they are very inventive nonetheless. They provide a nice level of male and female subjects (most in a wizardly style) and some beasties are thrown into the mix. In particular, you will find a nice selection of Asian (?Chinese?) dragons in various styles, shapes and

poses. There is a small sample of Aztec "dragonesk" creatures also. Overall, a very large portion of the art is very nice. However, the product loses a star due to a few poorly drawn samples which are very sub-par when compared to their fellows. Mind you, this is only a very few of the nearly 200 samples. This does not corrupt nor reduce the great quality of the other samples, it just smacks a little of low-grade filler.
