Luke's Story (Jesus Chronicles (Penguin Audio))

Synopsis

Unabridged CDs & 10 CDs, 13 hours Luke never met Jesus. Unlike the other Gospel writers, he never witnessed Jesus perform miracles or heard Him impart the Word that healed the souls of so many. No, his was a belief built on faith alone, like that of believers today. And his Gospel, filled with the stories of the Lord's divinity, speaks to the hearts of Christians everywhere.

Customer Reviews

Authors of the highly successful Left Behind series of apocalyptic novels, pastor LaHaye and author Jenkins base their stories on Christian scripture. Their latest religious fiction project examines the era and story of Jesus Christ by constructing accounts of each Gospel writer's life. This volume of The Jesus Chronicles recounts the life story of the author of the Gospel of Luke. Luke, born as Loukon into a family of slaves, earns the respect of his master, Theophilus, as a child and is sent to the university in Tarsus to study medicine. From this point on, the plot, unfortunately, becomes contrived. While at school, Luke meets Saul, an arrogant fellow student who later becomes known as Paul after his conversion. Luke develops a hobby of writing stories and eventually composes his gospel at the feet of Mary, the mother of Jesus, who, while old and somewhat feeble, is able to recall the exact words her son spoke 20 years before. Fans of the authors' earlier work will likely appreciate this account, but it is unlikely to win any converts. (Feb.) Copyright © Reed Business Information, a division of Reed Elsevier Inc. Great Book that answers many questions that the Bible does not include, probably due to space...

Practical Tools and a Passionate Challenge for You to Become True to the Person You Were Meant to Be In his book *Finding Your Voice* Joel Boggess, motivational speaker and career coach, describes the steps we process for finding our unique voice. He helps the reader sort through the clutter. Joel weaves themes for developing the enduring qualities of focus, intention, self-discipline, clarity, and confidence as requisites to finding your voice. Throughout the book he uses real-life illustrations from coaching clients, mentors and other life coaches, while integrating personal life experiences. Joel shares his own story of finding hope in the midst of childhood and adolescent tragedy, misfortune, and heartache. He tells of his struggle with balance after a life threatening accident which led to his immersion into the discipline of the martial arts. He tells how the practice of courtesy, integrity, perseverance, and a determined spirit shaped his character. Joel writes with a passion. His insights inspire authenticity and empower the reader to take transforming action. He describes how through renewed confidence you can discover the value of love, patience, and gratitude, these coupled with gentleness, kindness, and temperance will direct your full attention to your true self which result in establishing genuine friendships and making an impact in the lives of others. *Finding Your Voice* is written for anyone who feels out of control, is struggling with self-acceptance, feels stuck in a dead-end career, find themselves in transition, or have come against a roadblock negotiating life changes. A complimentary copy of this book was provided for review purposes. The opinions expressed are my own.

Gives so much character to the gospels, understanding the person behind the telling of our Savior. Read all four. Matthew, Mark, Luke and John. And if you have not, get the whole Left Behind series by the same authors. Will change your understanding of why we are here and where we should be going, GOF willin' and the creek don't rise!!

This book brought to life the physician disciple of Christ. Like the other three books, the book gives all the up to the time of the Gospel writing details of how the disciple came to be among the group who needed to write their account of Jesus. Very interesting, descriptive, real, and

personal...Everyone who knows the Bible will be fascinated with the authors' accounts of the lives of the disciples.

great book series

I am not sure what I expected when I purchased this book. It was mostly scripture which was good - however, It was interesting that Theopolis who was Luke's master was quite prominent in the story. Evidently the authors feel he was an important person in Luke's life along with Paul.

I appreciate Dr. LaHaye's writing - how he is able to use his imagination to tell stories based on the Bible. This book recounts the life of young Lukon who eventually becomes the writer of the Gospel that bears his name as well as the Acts of the Apostles. The author has a deep understanding of how each one of the Gospels came to be written and the target audience. His imagination is vivid and he is adept at putting the story in context. In other words, you feel like it could have happened that way. I have always enjoyed reading Dr. LaHaye's books ever since the Left Behind series first came out.

Luke's Story is one of the best books I've ever read. LaHaye and Jenkins hold to both Biblical and historical accounts while adding enough to build the characters and setting. An easy read. I couldn't put the book down. I read all 4 in this series. I recommend this book to everyone!
