Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

I never get bored with this collection. I think 'Like A Virgin' is my favorite.

Fantastic book for someone who has 6 months of playing. It's good to learn new music outside of a lesson book.

Well arranged tunes. Good for working on Memorization.

Well written easy to play tunes.

If you're buying for younger trumpet players beware- this book includes Madonna's "Like a Virgin" -with lyrics. Didn't think the "and more" in the product description included THAT much more! Otherwise, the book is fine for my second year trumpet player. Two stars for not including full song list in description- too busy to post it here myself.

Description did not specify that this is written in C and not Bflat, making the chords useless if you want the accompaniment on piano or guitar. I ordered 2 copies of this book; one delivered to Alaska and one for me on the east coast. I visited Alaska with the intention of playing with my friend who plays guitar. It took us a while to figure out that the chord progressions and the trumpet music were not in the same key. Had to tune the guitar down so worked out until her brothers came over with their guitars all tuned and ready to go.....very disappointing as Hal Leonard arrangements and products are usually pretty good. Not sure how the key got lost in translation. Easy Pop Melodies: for Trumpet.

Not really beginner level.
