Etudes For Trumpet: Orchestra Etudes And Last Etudes

Synopsis

(Instructional). This collection consists of two acclaimed series of study material for trumpet: Orchestra Etudes (which takes excerpts from the trumpet parts of well-known orchestral scores and develops them into study material), and Last Etudes (which consists largely of modulating scales). Both series are for the advanced student and offer invaluable material for the study of phrasing and for warm-up drills.

Customer Reviews

The current edition being sold by Hal Leonard contains none of the original articulations that the edition before this carried. These are vital to the educational value of this book and I cannot recommend this to my students as it is missing so much.

It was more than I expected

Wonderful addition to the library of advanced players.

Not much more to say other than if you get this book and play these songs, if you like it as much as I did, you will say it's a great book.

This Attitude book is essential for any serious trumpet player. I am currently studying at one of the

best conservatories in the USA and use this book regularly. It helps the player to develop a clean tone and great articulation. Also, the notes from William Vacchiano are priceless and give a glimpse into one of the greatest teachers of all time.

low price and high quality. for my husband, great, and very happy. Light weight, super sharp, looks great. just fine.
