A bit confusing. Not well organized .

This book is useless, and you cannot even get into 4 tests. I wasted my money and time, because my exam is this week and I don't have any contact details to ask for help. Useless book for sure. Kaplan is worthless. Very disappointed :-(

This book is the most complete and updated TOEFL in this moment. My wife is using it. Add a plus, you obtain access to a lot of extra information online, that is a great bonus.

Arrived quickly and as described.

Good preparation and high level of difficulty. Software can be non user friendly

Great

Unlike previous versions, I could not download the tests so as to use them when I wanted, just by clicking on the icon on the screen. Also, it seems that it expires after some time, which did not happen before. I have been using the latest version with my students for many years.

This is unquestionable that the Kaplan TOEFL book is a must if you want to succeed and pass the exam
