## Synopsis

TEExES Mathematics 4-8 (115) Test Prep with Online Practice Tests 2nd Edition - Completely Aligned with the Current Exam REA's TExES Mathematics 4-8 (115) test prep is perfect for teacher education students and career-changing professionals who are seeking certification as Texas middle school (grades 4-8) mathematics teachers. Written by a Texas-based education expert, this new edition is fully aligned with the latest test framework. Our comprehensive review guides prospective middle school math teachers through all the domains and topics tested on the TExES exam including: number concepts, patterns and algebra, geometry and measurement, probability and statistics, mathematical processes and perspectives, and mathematical learning, instruction, and assessment. Examples and exercises reinforce the concepts taught in each chapter. Two full-length practice tests (in the book and online) are balanced to include every type of question on the exam. Our online tests are offered in a timed format with automatic scoring and diagnostic feedback to help you zero in on the topics and types of questions that give you trouble now, so you can succeed on test day. This test prep is a must-have for anyone who wants to become a Texas math teacher! REA books and software have proven to be the extra support teacher candidates need to pass their challenging tests for licensure. Our comprehensive test preps are teacher-recommended and written by experts in the field.
