JACKS ARE WILD (Detective Jack Stratton Mystery Thriller Series Book 3)

Synopsis

This top-rated mystery-thriller series is on sale for a limited time to introduce you to the wildly popular Detective Jack Stratton Series from Wall Street Journal bestselling author Christopher Greyson. We hope you enjoy! Handsome, white knight, police officer Jack Stratton is back in this action-packed, thrilling adventure. When his sexy old flame disappears, no one thinks it's suspicious except Jack and one unbalanced witness. Jack feels in his gut that something is wrong. He knows that Marisa has a past, and if it ever caught up with her it would be deadly. Determined to buck the critics and listen to his instincts, he and his feisty sidekick Alice (aka Replacement) plunge ahead and start tracking down leads, hoping to find Marisa in time. The trail leads them into all sorts of trouble, landing them smack in the middle of an all-out Mob war between the Italian Mafia and the Japanese Yakuza. When evidence surfaces that Marisa was kidnapped, Jack must navigate through the warring parties, assassins, and cold-blooded hit men to outwit the cunning kidnappers before it is too late. As the body count rises, the stakes in this game are life and death with no rules except one: Jacks are Wild. If you love a strong hero, smart women sleuths, and more twists and turns than a piece of licorice, you have found your book! Jacks Are Wild is part of the Detective Jack Stratton Mystery Series, which has more than 3,000+ five-star reviews and 800,000 readers and counting. Jack Stratton, is an amazing character, a man who listens to his gut and isn't afraid to risk it all for someone he cares about. Jack has learned by experience not to ignore that feeling that tells him something is wrong he cares too much about what would could happen if he's right. Jack has PTSD

from Iraq and personal demons from his childhood and sometimes he doesn't even understand why he does things. But one thing he does know, he can't do nothing, he has to try. Jack's friend and former lover Marisa has disappeared and Jack knows in his gut she didn't just take off on her own, and Jack will do whatever it takes to find her and keep her safe, even if it kills him! And to make matters worse he has to dodge both the Japanese and American mob who are looking for her while trying to keep his job and find those who took Marisa and who are trying to kill him to keep him from interfering. All this while not knowing who to trust and being followed by a beautiful Oriental Assassin with orders to take him out if he fails! And in the middle of all this he is trying to come to grips with what he feels about the only person he can absolutely trust. Replacement, who he loves even though he tries to deny it to himself, and is desperate to keep her safe in this whole mess! Christopher Greyson has done it again. This book does not disappoint. When you get this book you will have a hard time putting it down, I know I did.,

I got the first book in this series for free (after seeing it promoted on BookBub). My expectations aren't too high for free Kindle books. But I was pleasantly surprised to find that I really enjoyed Girl Jacked: A Detective Jack Stratton Mystery. I want books to engage me, entertain me, interest me, with characters that I enjoy, maybe romance but not too much blatant sex or too much really foul language, and with decent editing without distracting mistakes. Girl Jacked gave me all of that and more. I enjoyed it so much that as soon as I finished it, I went to [Amazon](#) and immediately purchased the 2nd book in the series, Jack Knifed. I rarely actually purchase a Kindle book so that alone is a top recommendation from me! After I finished the 2nd book, I again immediately went to [Amazon](#) and purchased the 3rd book in the series, Jacks Are Wild. After reading some of it, I realized that I was firmly hooked and went back to [Amazon](#) and purchased the 4th & 5th books in this series, Jack And The Giant Killer and Data Jack. I am finally disappointed because I have finished all of these books AND I STILL WANT MORE! I will be anxiously awaiting publication of Christopher Greyson's next novel whenever that may be! The books in this series can be read independently, out of order, but I think you will enjoy them the best if you read them in order of publication.

I love a good detective story. Whenever I can get involved in the storyline during the 1st chapter, I know it's going to be a great read. I love Jack and Replacement. I have read all 3 Jack Stratton novels and I can't wait for more!

Love the Jack Stratton series. Beginning to wonder if he is ever going to make his mind up about his feelings for Alice. He seems to care for her, in a brotherly way. But he is also aware that she has feelings for him and tries to protect her from any exposure to any of his previous lady friends. I did feel Alice was written a bit badly though. For someone who has a lot of computer knowledge, and has been in the foster care system, she seems pretty naïve about some things. Like how using Jack's police email account could get him into trouble. Otherwise, love the characters and series.

I stumbled on this series when the first book, AND THEN SHE WAS GONE was on an Amazon promotion and I was placing a book order. It looked interesting so I added it for something different. I'd never heard of it from an as yet unknown author to me. I enjoyed it so much, when I finished reading it, even though I still had a box of books to read, I ordered the other 5 books in the series: GIRL JACKED, JACK KNIFED, JACKS ARE WILD, JACK AND THE GIANT KILLER and DATA JACK. During the past week or so I've re-read AND THEN SHE WAS GONE, following through reading each book in order. I've just finished # 6, DATA JACK. It should be said I have a lot of down time, which means a lot of time to read. I've found this series to be good enough to add to my list of favorite mystery authors I follow and usually pre-order all their next books, not yet published. He's joining the likes of James Patterson, Michael Connelly, Patricia Cornwell, Jeffery Deaver, Janet Evanovich, Iris Johansen, Ian Rankin and Nora Roberts writing as JD Robb. If you enjoy reading their mystery books, you'll probably enjoy Christopher Greyson as well. The characters are well developed and real. I think that's one of the things I really like about Greyson. These characters are like "real" people. I can visualize them and their interactions with one another as if they were people I know. All the dialog isn't in full sentences but then I don't talk that way either, do you? The stories are diverse and I've found this one, JACKS ARE WILD, to be a page turner. The last time I checked, his newest addition to the series was only available for pre-order for Kindle. I prefer literally, "curling up with a good book". Today, I see JACK OF HEARTS is being released tomorrow for all editions so I've ordered it. I highly recommend this entire series to all who enjoy a good, well written mystery.

Simply Loved It! This is my favorite in the Stratton series thus far. Oh yeah, Jack is Wild alright & I

love him. Wow! Multi-faceted, if only he was real. The story was like a roller coaster; I didn't suspect the major culprit until shortly just after they split up during rescue mission. Kendra made me laugh. Love me some Alice, of course; she's a wild one. Marisa added a little sizzle, a blast from Jack's past, leading to more insight as to Jack's character. Kiku was a very interesting character; I really liked her. Also, I liked Mr. Greyson's play with the cards in each chapter & otherwise; too cool. Next book it is...
