I've had a dream of writing a book for over 20 years, but I always made excuses as to why I never did. Once I read this book I had my first book published in less than a week. The author gives you a very easy to follow step by step blueprint that makes publishing a book easy. This book is worth its weight in gold. -Cindy J.

In this book I give you the EXACT STEP BY STEP blueprint to follow that makes it impossible for

you to fail as an author.Â -ChristopherÂ

I LOVE this book! Christophe makes this straightforward and an easy read. It will motivate you and make you deal with your possible complacency or fears all the excuses that often hinder us from doing what we desire to do. It will encourage you to go forward without excuses and empower you with the easy 123 step approach and the exact tools needed to help you share what God has locked up inside of you to help somebody else! A wealth of information that can literally have you launching your own book in 72 hours if you want (including reading his book first) lol. So, what are you waiting for? Purchase this book and then Publish your Own! The world is waiting to here from YOU and me!

Christoper is amazing. This guy actually DID what this book promotes! Take his advice, he knows what he is talking about. He is experienced and not just copying research. Christopher is the real deal.

I bought this book at the instruction of the author that it will be a blessing to me. I finished the book in few minutes and I'm putting everything to work. Watch out for my first published book. I already recommended the book before finishing I finished reading it. Thanks Christopher!

For those of us who have a book inside of us Christopher Mitchell's book is essential to get published. It is a fascinating and easy read and outlines just what you have to do. I loved the book and hope to get mine published and overcome the fear factor.

Very easy to read book with a no nonsense approach of how to get a book published within a week. The information was spot on, and most importantly, it worked for me. What are you waiting for? Get the book and get published!

This is GOLD for anyone who has ever wanted to write a book. As Christopher points out, millions of people would like to write a book, but never do because of the lies and self-doubt that we allow to hinder us. Be forewarned that if you have ever had that deep hidden desire to write, you will no longer be able to deny it! Christopher makes it EASY. You're not looking at the staircase, just the first step. And after that, the second step. And so on until before you know it, you're ready to publish. I am thrilled to have discovered that I really can accomplish what I thought was impossible.

Thank you, Christopher - I never in a million years would have thought it could be so simple!

I love how to books that make the steps easy and that anyone can do. Very helpful information on writing and publishing a book.

I had written 280 pages and was stuck! I should have known Christopher a year or two ago - could've avoided so much aggravation. With document in one device, Christopher's instructions in another, I started with a new page and was finally good to go! Christopher Mitchell is as brilliant as he is down to earth and perceptive. As Michael Puskas says, he's the real deal.
